

Pearson Test of English (PTE) PTE Academic Workshop

What is PTE Academic?

Pearson developed PTE Academic to meet the need for an English language proficiency test that can accurately measure students' language ability. Optimally designed for studying or working in an English-speaking environment, it is the world's leading computer-based test of English for study abroad and emigration.

PTE Academic is a comprehensive English language test that measures all four skills - listening, reading, speaking and writing. As such, it is endorsed by the Graduate Management Admission Council (GMAC) as their preferred English proficiency test and accepted by 100% of Australian Universities and 98% of UK Universities. PTE Academic is also recognised for visa applications in Australia and fully approved by the Australian Department for Immigration and Citizenship (DIAC), with growing US and Canada recognitions.
