

# DIPLoma IN ACCOUNTING

## PROGRAMME OVERVIEW

DISTED's Diploma in Accounting programme provides cutting-edge knowledge and practical techniques in accounting, finance, management, auditing, law, taxation and accounting information systems. Students will learn to prepare and maintain a full set of accounts for small and medium-sized organisations, and will be competent in using international computerised accounting software.

The programme is a solid stepping stone into diverse employment opportunities in the areas of accounting, finance and management including management accounting, financial accounting, auditing, financial reporting, taxation, management consultancy and corporate finance.

## WHY DIPLOMA IN ACCOUNTING

- A programme with high quality content designed to shape future accountants.
- Taught by a team of dedicated, experienced and qualified lecturers.
- Blended learning teaching method allowing students to have more exposure to the real accounting world.
- Recognised and accepted by top universities overseas.
- Maximum Exemption by Association of Chartered Certified Accountant (ACCA).
